

Summer 2024

Staff & Volunteer Schedule

Children's Association for Maximum Potential

Training

Training is **mandatory** for all applicants and must be successfully **completed** prior to being eligible to attend a camper session.

Lead Staff Training (May 26-31) This training is for all summer **Paid Staff ONLY**.

Pre-CAMP Training (June 2-6) This training session is highly recommended for first-time volunteers.

Mini Pre-CAMP Training (June 29—July 1) For new or returning volunteers that were unable to attend Pre-CAMP training.

Sessions

Session 1 – Adult (May 18–24) Training provided on the 18th

Session 2 – General (June 9–14)

Session 3 – Autism (June 16–21)

Session 4 – Medical (June 23–28)

Session 5 – Autism (July 7–12)

Session 6 – General (July 14–19)

Session 7 – Medical (July 21–July 26)

Session 8 – General (July 28–August 2)

Session 9 – General (August 4–9)

CAMP serves individuals aged 5 - 55, and pairs trained volunteers based on age, gender, experience, and specific camper needs to ensure the safety, well-being, and compatibility of campers.

Adult Session: This session is for campers with mild intellectual and physical disabilities who are more independent and can share a counselor with another camper. We have several campers who want to come to CAMP during Adult week, volunteers are greatly needed for this session.

General Sessions: These mixed ability sessions are for campers with mild, moderate, and severe intellectual disabilities and/or physical disabilities. These sessions are a great way to build knowledge about all the campers we serve.

Autism Sessions: These sessions are for campers with Autism/ASD/PDD, including those who need moderate or advanced behavioral support.

Medical Sessions: These sessions are open to campers with moderate to severe physical or medical conditions, without any significant behavioral needs. These sessions will include campers who are more medically involved. Healthcare professionals are available on site to support volunteers with camper medical needs.
